

Working in Retirement

This playbook outlines the steps involved in considering and pursuing work during retirement. It addresses part-time employment, consulting, or entrepreneurship and its effects on one's finances and lifestyle.

Step 1: **Assessment**

Evaluate your financial needs, personal goals, and desired lifestyle during retirement to determine if working is the right choice for you.

Step 2: **Exploration**

Research part-time work, consulting opportunities, or business ideas that align with your interests and skills.

Step 3: **Financial Impact**

Consult with a financial advisor to understand how earned income may affect your retirement savings, taxes, and Social Security benefits.

Step 4: **Regulations**

Review any legal or regulatory considerations related to working in retirement, especially if you plan to start a business.

Step 5: **Health Considerations**

Assess how staying employed may impact your health insurance and how it fits into your overall well-being.

Step 6: **Time Management**

Plan how you'll balance work with leisure activities, family time, and other retirement pursuits to maintain a fulfilling lifestyle.

Step 7: **Job Search**

Utilize job searching strategies tailored to retirees, such as networking, updating your resume, and exploring age-friendly employers.

Step 8: **Continual Learning**

Stay current in your field, or upskill if necessary, to remain competitive and satisfy any job or business demands.

Step 9: **Adaptation**

Be prepared to adapt your work-life balance as your needs and desires evolve throughout your retirement.

General Notes

Volunteering

As an alternative to paid work, consider volunteering as a way to stay active and contribute to the community.

Social Benefits

Recognize the social benefits of working, such as making new friends, staying mentally active, and maintaining a sense of purpose.

Exit Strategy

Have a clear exit strategy in place for ending your work arrangement when necessary, allowing a seamless transition back to full retirement.
